UNIT 6

GOOD, BETTER, BEST!

Cover page p. 73

Time: 5 mins

- Do the children ever watch knowledge quizzes on TV? There are several of them in the evenings. What type of questions do they ask? Often the questions refer to records: the longest, the smallest, the biggest etc.

TAPESCRIPT

Girl 1: Which is the longest river in the world? (the answer is with pupil 1)

Boy: Which is the biggest English dictionary in the world? (pupil 3)

Girl 2: In which two countries are the world's fastest cars made? (pupil 2)

LESSON 1

CHOOSING A PRESENT

Aims of the Lesson

- a. to introduce comparatives
- b. to learn to compare countries

A. LEAD-IN

PB page: 74 / Time: 10 mins

- There are moments during each week when each of us has to choose between one thing or another. To make the best choice, instinctively we compare between things.
- Ask the pupils to give examples of choices they have to make: I'm late, is it quicker for me to take the bus today rather than walk to school?
- In L2, help the pupils to formulate some simple sentences orally.

B. READING & WRITING

PB page: 74 / Time: 15 mins / TB Introduction pp. 9-10

Pre-Reading

- Set the scene. It's Jim's birthday and his classmates would like to choose a gift he will appreciate, also staying within a reasonable budget.
- The pupils are looking at similar items with different prices and have to make a choice and justify it using the comparative

structure.

- Some adjectives to describe and compare the items in the shop have been given. Get the children to give you other possible adjectives.

While-Reading

- Looking for specific information, the pupils in pairs quickly compare items, prices and make up their minds.
- In no. 1, they write down short sentences for two of the shops, comparing items.

Post-Reading

- Between all the items, get them to choose in small groups what they think Jim would like best and write their answers on the lines provided.
- Check to see whether the different groups agree and elicit reasons.

C. LISTENING & WRITING

PB page: 75 / Time: 15 mins / TB Introduction p. 10

→ Cross-curricular link: GEOGRAPHY & THE BRITISH ISLES.

Dave, a friend of Mark's is trying to persuade Mark to come to Brighton on holiday.

Pre-Listening

- With a map of Britain, indicate where Brighton and Blackpool are located in relation to London. Both are popular holiday resorts for the British. Do they know anything about Brighton or Blackpool? If you have access to the Internet, show them photos.
- The task is that of noting down what makes Brighton a better holiday resort.

While-Listening

- Play the listening 2 maybe 3 times. Pupils list 3 things (there are more than 3) that make Brighton better than Blackpool as a holiday destination.

TAPESCRIPT (Dave speaking)

Look, Mark, don't go to Blackpool as you

usually do. Come to Brighton for your holidays this year. It's sunnier than Blackpool and over the past few years the temperatures have been better here than in the North, where Blackpool is. Brighton's pier has many more attractions than Blackpool's and the town's fish and chip shops are as good as Blackpool's. Blackpool's beach may be sandier but Brighton's also has a lot more amusement arcades. There is also a very fast and regular train service from London to Brighton. The direct train takes only about 1 hour. That's a lot less than the 4 hours it takes to get to Blackpool. You must come to Brighton this summer!

Post-Listening

- In pairs, pupils can role-play: One pupil plays Mark and the other, one of his parents.
- Mark has to give his mother/father 3 good reasons why they should spend their summer holidays in Brighton.
Sample Answers
1. a friend from Brighton.
2. more attractions.
3. fast train transportation from London.

GRAMMAR FOCUS

PB page: 75 / Time: 15 mins / TB Introduction p. 12

Comparatives: Distinguish between one & two-syllable adjectives and longer adjectives.

tall	taller
late	later
happy	happier
intelligent	more intelligent

Present irregular comparatives:

good	better
bad	worse
much	more
little	less

D. SPEAKING

PB page: 75 / Time: 15 mins / TB Introduction p. 11

Pre-Speaking

- Set the scene. Lots of places organise competitions: supermarkets, department stores so there is a slim chance someone may one day win a prize like the one mentioned here. What would each pupil's dream destination be?
- The pupils write their 3 dream destinations.

While-Speaking

In pairs, pupils compare and contrast saying why they have chosen these places.

Post-Speaking

Check with class which destination is the most popular and why?

ACTIVITY BOOK:

UNIT 6 • LESSON 1 • ACTIVITY C • p. 37
Free answers. Sample answers p. 126.

E. READING

PB page: 76 / Time: 15 mins / TB Introduction p. 9

Pre-Reading

- Check what pupils think about the pros and cons of living in the city versus living in the countryside. Which do they prefer and why?
- Tell them about chats on Internet. Though they are called chats (generally referred to spoken language), the participants read each others' messages. They are much quicker than e-mail and several people can participate at any one time.
- What do your pupils know about London? Some information is given in the next activity.

While-Reading

Students identify what the pros and cons are according to Mark, Steve and Kostas.

Post-Reading

Pupils do the True/False questions.

KEY 1F, 2F, 3T, 4T, 5T.

F. SPEAKING: ROLE PLAY

PB page: 76 / Time: 15 mins / TB Introduction p. 11

→ Cross-curricular link: GEOGRAPHY

Pre-Speaking

Set the scene. When we meet someone

from another city we are always curious to know about their city. In this situation where Mark and Kostas are interested in each other's cities.

While-Speaking

In pairs, one pupil should be Kostas and the other Mark. With the information given in the charts, they make sentences comparing and contrasting each other's cities.

Post-Speaking

Pupils can give lists of information about other cities they know or they may come from. They can make sentences comparing them with Greece.

Information

Football teams:

- London (British Premier League): Chelsea, Arsenal, Tottenham Hotspur, West Ham United (4)
- Athens (Super League Greece): Olympiakos, Panathinaikos, AEK, Panionios, Egaleo, Atromitos (6)

Olympic Games

- London: 1908, 1948, 2012
- Athens: 1896, 2004

- Airports:**
- London (5): Heathrow, Gatwick, Stanstead, Luton, London City
 - Athens: Eleftherios Venizelos

G. WRITING

PB page: 77 / Time: 15 mins / TB Introduction p. 10

→ Cross-curricular link: GEOGRAPHY & GREECE

Pre-Writing

To make the exercise more challenging, pupils should write about places they have not been to.

While-Writing

- Each pupil collects data on their chosen town.
- In pairs, they write sentences to compare the 2 places.

Post-Writing

Some pupils may want to read out what

they have written.

LESSON 2

WORLD RECORDS

Aims of the Lesson

- a. More work on comparatives and presentation of superlatives

A. LEAD-IN

PB page: 78 / Time: 10 mins

- Elicit answers to the 2 questions given. Get the pupils to find other things they can compare between themselves.

B. READING

PB page: 78 / Time: 15 mins / TB Introduction p. 9

Pre-Reading

- Have the pupils heard about the Guinness Book of Records? Explain these are excerpts from the book. In the book, or through the website given below, they can find lots more world records.
- Prediction: in pairs get the pupils to guess what record each photo relates to. Discuss answers altogether.

While-Reading

- In pairs, the pupils read the questions on p. 79. Then scan read the passages to obtain the answers.
- While scanning, they will be invariably impressed by other bits of information from the texts. Ask them to jot these down and share them during the Post-Reading.

Post-Reading

Check the answers. Get the pupils to share other bits of information that impressed them, e.g. One small drop of poison from the King cobra can kill an elephant!

KEY 1. a, 2. c, 3. c, 4. b, 5. b, 6. c.

C. SPEAKING

PB page: 79 / Time: 15 mins / TB Introduction p. XII

Pre-Speaking

How well do they remember the texts? In pairs, play a game and get each pupil to form 4 questions. He/she asks his/her partner. The one who guesses the most

correct answers wins. They can refer back to the texts.

While-Speaking

While the pupils in pairs are formulating the questions and giving replies, the teacher can go around the class checking speaking work being done.

Post-Speaking

Teacher reviews the correct questions and answers.

D. INTERNET RESEARCH

PB page: 79 / Time: 15 mins

→ Cross-curricular link: **COMPUTER STUDIES**

The activity depends on how easy it is for the pupils to have access to the Internet at school. Here we are assuming they have access to multiple desktop stations.

Pre-Search

Once the students are in the Guinness Records website, tell them to skim the website, to get a general feel for the different categories. They can then focus on the areas that interest them.

While-Searching

They can choose the most interesting records and fill in the boxes.

Post-Search

- In pairs, pupils share their findings, describing why they are so interesting.
- If you do not have the possibility to search the Web, ask the pupils whether they have a copy of the Guinness Book of Records, even an old copy and work from that – it is generally full of curious records and interesting facts.

ACTIVITY BOOK:

UNIT 6 • LESSON 2 • ACTIVITY A • p. 39

KEY

1. clean, cleaner, the cleanest
2. nice, nicer, the nicest
3. cheap, cheaper, the cheapest
4. fast, faster, the fastest

18. young, younger, the youngest
19. bad, worse, the worst
20. dangerous, more dangerous, the most dangerous
21. short, shorter, the shortest
22. messy, messier, the messiest

E. LISTENING

PB page: 79 / Time: 15 mins / TB Introduction p. 10

→ Cross-curricular link: **COMPUTER STUDIES**

Pre-Listening

- Set the scene. Explain Kostas and Mark are in a computer shop. The names of the 3 laptops are similar to those of product currently in the market. It is a monologue from the salesperson: you may like to point out the difference between dialogue and monologue.
- Be clear what the pupils are meant to be listening for. Refer back to Unit 1 and check pupils recall the computer hardware terminology.

While-Listening

- The first listening is a gist listening to get a feel for what is happening.
- During second listening pupils take notes for the chart. As a lot of information is presented in a short space of time, the pupils may need a third and fourth listening of the text.

TAPESCRIPT (*the Salesperson speaking*)

All of these are very good laptops. The WP has a larger memory and is the smallest in size and at 900 pounds is the most expensive of the three. The Comtact is probably the best value of the three: it costs 799 pounds, it has

a very fast drive, in fact the fastest of these 3 models. Its memory, however, is not as big as the WP. The Sory has an excellent high definition screen and is a very light model compared to the other two. Because it's an older model, the drive isn't as fast as the others. It is also the only one which comes with a free carrying case and is overall the cheapest at 749 pounds.

Post-Listening

In pairs, pupils compare answers.

KEY

WP: the most expensive, the largest memory.

Contact: the fastest drive & smallest memory.

Sory: the best screen definition, the lightest, the slowest drive, the cheapest.

GRAMMAR FOCUS

PB page: 80 / Time: 10 mins / TB Introduction p. 12

- From the work done so far in the unit, the pupils should be able to give you some of the grammar guidelines for comparatives. Introduce superlatives.
- Review comparatives and present superlatives. Distinguish between one & two-syllable adjectives and longer adjectives.

tall	taller	the tallest
late	later	the latest
happy	happier	the happiest
intelligent	more	the most
	intelligent	the intelligent

→ Cross-curricular link: GEOGRAPHY

Pre-Speaking

Set the scene saying we often have to choose between not only 2 but a number of items within the same category. We therefore need to be able to use the appropriate language to compare and contrast between them. Here we are comparing items of Geography.

While-Speaking

In Pairs.

Pupils say the sentences to each other based on the model given.

Post-Speaking

In Pairs.

- Each pupil draws 3 items within a same category.
- In L1 the pupil can describe the context: a supermarket, a department store, a shop.
- Using 2 –3 phrases they can compare and contrast the items to his/her partner using comparatives and superlatives.

ACTIVITY BOOK:

UNIT 6 • LESSON 2 • ACTIVITY D • p. 41

KEY 1. taller than/NOT taller from; 2. best/ NOT most best; 3. correct, 4. in /NOT of in; 5. correct, 6. more/ NOT the more; 7. happiest/ NOT/ the most happiest; 8. bigger/NOT the bigger; 9. correct, 10. in our family/NOT from.

G. WRITING

PB page: 81 / Time: 25 mins / TB Introduction p. 10

Pre-Writing

- Bring an English magazine and show adverts which use superlatives (the quietest..., the most relaxing...) and point out advertising plays on comparisons between products.
- In small groups, ask the students to create

an advert. They must follow the steps indicated in the Pupil's Book.

While-Writing

In small groups, pupils prepare the advert. Help them with the advert's slogan – it has to be catchy.

Post-Writing

Put adverts on the classroom walls. Give the best advert a prize!

LESSON 3

A KNOWLEDGE QUIZ

Aims of the Lesson

- To create one's own knowledge quiz

A. WRITING

PB page: 82 / Time: 15 mins

- Get the students to alternate at asking each other in pairs the questions from the questionnaire. They can keep a points system and see who wins.
- If necessary tell them to skip the difficult questions and look for the answers later in encyclopaedias or through the Internet.

Answers: 1c, 2b, 3c, 4b, 5a, 6c, 7a, 8a, 9a, 10c.

PROJECT

PB page: 82 / Time: 30 mins / TB Introduction p. 15

→ Cross-curricular link: **GEOGRAPHY, HISTORY, SCIENCE, ARTS**

- Ask the pupils several days beforehand to start collecting data for questions. This will allow you set up the activity more quickly.
- Put the pupils in groups of four. Once the pupils have written their questions, quickly check the questions are not too difficult. There has to be some chance the pupils will be able to answer them. Ensure the children through the questions are practising the structures learnt in the unit.

Set the quiz up with clear guidelines:

- ✓ decide on how to keep points
- ✓ a clear order of who asks the questions
- ✓ clear time limits (e.g. one minute maximum to answer each question)
- ✓ make sure the rest of the class keeps silent while the pupils are concentrating in answering the questions.

Besides the main prize for the winning group, have consolation prizes for the rest of the pupils.

CULTURAL CORNER

Which is the "tallest" building in the world?

Since the dawn of history man has been trying to build the 'tallest building', 'tallest tower' or 'tallest structure' in the world. During the first 90 years of this century, the USA dominated the race for the title of the tallest building in the world, and constructed a range of famous buildings that, sometimes only for a few months, and sometimes for many years, were widely recognized as being the 'tallest building' in the world. In 1974 Chicago's Sears Tower was completed, and generally seen as the 'tallest building' in the world. Sears held on to that title for over 20 years. But since the nineties the USA gets some stiff competition from Asia. In 1996 this resulted in the completion of the Petronas Twin Towers in Kuala Lumpur. From that moment on a sort of media clash

was unleashed. All over the world people debated about the question which one was the tallest; Sears or Petronas. Now the answer to this question seems so easy. Just measure both buildings from bottom to top, and the tallest one gets the title. Question answered, case closed, no more debate needed? Forget it! As usual, life is not that simple. One could consider how to measure these buildings. For example, do we take in account spires and antennas? To end this discussion, the Council on Tall Buildings and Urban Habitat made a compromise. They defined 4 categories for measuring tall buildings; Height to the structural or architectural top.

- Height to the highest occupied floor.
- Height to the top of the roof.
- Height to the top of antenna.

Building, city	Year	Floors	m	ft.
1. Taipei 101, Taipei, Taiwan	2004	101	508	1,667
2. Petronas Tower 1, Kuala Lumpur, Malaysia	1998	88	452	1,483
3. Petronas Tower 2, Kuala Lumpur, Malaysia	1998	88	452	1,483
4. Sears Tower, Chicago	1974	110	442	1,450
5. Jin Mao Building, Shanghai	1999	88	421	1,381

Students are discussing their environmental project "Arcturos". Complete the dialogues using will-future, be going to and Present Continuous of the verbs in brackets.

Group A:

- Let's see what we can do.
- I ⁽¹⁾ (write) to the people of Arcturos to ask them about the brown bear.
- Do you think they ⁽²⁾ (send) us leaflets and posters for our project?
- Yes, I believe, they ⁽³⁾ (do) it.

Group B:

- John and Mary, what ⁽⁴⁾ (you/ do) for the project?
- We ⁽⁵⁾ (hand out) leaflets and brochures to our school.
- And what about you Claudia?
- I think my mum ⁽⁶⁾ (help) us. She ⁽⁷⁾ (offer) some money to our group and we can use it in our project.

Group C:

- Let's say it again. Nikoleta, you ⁽⁸⁾ (collect) money for the adoption of one of the brown bears at the conservation park. Kelly, you ⁽⁹⁾ (send) email to the "Arcturos" people and finally, I ⁽¹⁰⁾ (write) an article for our school newspaper. Good luck everybody!

- Where shall we go shopping?
- Let's visit the big shopping center "The Call".
- Well, I don't like going there! I find our local market ⁽¹⁾ (friendly) than that.
- Yes, but you can find the ⁽²⁾ (cheap) CD's and PC Games ever. There are also ⁽³⁾ (many) athletic shops than anywhere else in our city.
- You may be right about that but I still believe that shopping in our local market is ⁽⁴⁾ (convenient) than going to "The Call", even at the ⁽⁵⁾ (busy) days of the week.
- Ok, then. Let's do it your way.
